It's the Season for Crafting

Deck the halls with handmade crafts this holiday season! FloraCraft® makes it quick, easy and inexpensive with our STYROFOAM™ brand foam. You'll spend a lot less than you would on pre-made decorations. And when you add your own creative touches to the designs we're showcasing in this book, you'll dazzle your holiday guests with one-of-a-kind sparkle and shine!

The Gift of Beauty

We made our snowman with 5-in. balls of STYROFOAM* for perfect placement on a mantel – but feel free to use larger sizes for a more majestic display. (You'll just need to make a bigger hat!) Wrap sheets and cubes of STYROFOAM* with your favorite holiday papers and fabrics to create a custom version of our gift tree (right). A dowel, a flowerpot and some fancy ribbon complete the look.

Around We Go

The different shapes and sizes of STYROFOAM* are tailor-made for holiday crafting. You can cover balls of STYROFOAM* with glittery pom-poms to make eye-catching ornaments, for instance, or wrap cones of STYROFOAM* with felt garlands and silk poinsettias for a tree-mendous table display.

Enchanted Forest

Create an indoor winter wonderland on your holiday table. We've covered cones and balls of STYROFOAM* with an assortment of fabrics, gems, ribbons and more to create this stunning tablescape. Get creative with different materials and colors to complement your own décor and place settings.

For fluttery, feathery trees, use a metal nail file to tuck the center of a 4" fabric square into a cone, just far enough to ruffle the edges. Start at the bottom and keep tucking in squares about 1/2" apart to cover the entire cone. (A 12" cone uses about 3/4 yards of fabric.)

Cool Yule

Let it glow, let it glow, let it glow!
We've adorned balls and cones of
STYROFOAM* with gems in icy
shades of blue to achieve an elegant
presentation that shimmers in the
light. Gems are easily attached
with hot glue.

Silver and Bold

An assortment of ornaments on a pedestal tray (or in a bowl) creates a dramatic focal point for the holidays. Just cover various-sized balls of STYROFOAM* in gems, fabric, ribbon, sequins and other festive materials. You can hang them on your tree, too!

Kiss and Tell

Who needs mistletoe when you can create your own kissing ball with minimal fuss and expense? We wrapped bead garland around a ball of STYROFOAM* and attached ribbon at the top and bottom. So simple – and so beautiful!

Merry Masterpieces

You can handcraft your own custom wall art using sheets of STYROFOAM* and holiday-themed window clings. We've affixed these clings with sequin-topped pins for an added bit of holiday twinkle, then trimmed the "canvas" with ribbon for a finished look. You can also cover sheets of STYROFOAM* in wrapping paper or scrapping papers as an artful alternative.

Tree Trimmings

Cones of STYROFOAM* let you create holiday tree displays that are as unique as you are. Cover cones with fabric and ribbon, ornaments and tinsel, peppermints and candy canes, greenery and pinecones – you name it! You can achieve extra height by gluing one cone on top of a sawed-off second cone, as we've done here (far left).

Let your imagination run wild to deck your home with creative crafts this season!

Make It: Fun this holiday season with STYROFOAM* brand foam and crafting tips from Floracraft®. Be sure to visit www.makeituncrafts.com for more money-saving, creativity-boosting craft projects – for this season, and every season!

A Crafting Community
