## *Eggs-travaganza!*

Ah Spring – the perfect time for a fresh approach to holiday decorating using STYROFOAM™ Brand Foam from FloraCraft®. Easy to work with, inexpensive and infinitely versatile, STYROFOAM\* is a crafter's delight. We're sharing some of our favorite spring craft ideas in this book. Add your own creative touches to make them truly one of a kind!

Easter crafting starts with foam eggs. You can paint them and cover them with fabric, "scoop" them out to make wheelbarrows and Ferris wheel seats, then combine them with other foam shapes, some craft sticks and a bit of spring green feathers to create this eye-catching table display.

## *Flower Power*

Place a ball of STYROFOAM\* inside a decorative take-out container; terra cotta pots or ivy bowls also work great. Stick a dowel into the ball base and attach an egg to the top of the dowel. Embellish the egg with silk flowers and greenery for a bloom that will never fade.

## *Color Your World*

Brighten up your home décor with cones of SYTROFOAM\* and candy-colored fabric. Cut fabric to cover the cones and glue in place to secure. Add ribbon and secure it with a pin.

## *Easteriffic*

This enchanting three-tier egg stand makes an ideal Easter centerpiece. First, decorate eggs with paint and ribbon. Glue discs of STYROFOAM\* together to create the first and second tiers, and wrap them in ribbon. Use two balls of STYROFOAM\* to support the second tier and a dowel to hold the top-tier egg. Arrange painted eggs in cupcake papers and glue them in place, tucking in tissue paper along the way. Place the structure atop a cake stand for added height.

## *Hop to It*

This fabulous frog will jump to your decorating aid during any and all spring holidays. We created him using eggs for the face and body, cut-in-half eggs for his legs and cut-in-half balls for his eyes and feet. Green and black paint, wiggle eyes, chenille arms and craft foam hands and feet complete the look.

## Be My Valentine

Glue a maribou feather boa and wiggle eyes to balls of STYROFOAM\*, then add chenille “antennae” and craft foam feet to make this “love bug” – a kid-friendly favorite. Below, a boxed heart puzzle cut from a sheet of felt-covered STYROFOAM\* makes a memorable gift for the special someone who’s made you feel complete.

## *Luck 'O the Irish*

Use a FloraCraft® StyroCutter® Plus to cut shamrock shapes and leprechaun hats out of a sheet of STYROFOAM®, then paint them various shades of green or cover them with felt and stick them into “grass”-covered half-balls of STYROFOAM®. Add foil-covered coins and you’re ready for St. Patrick’s Day. As is our froggy friend, who’s left his angel wings and chenille bow behind to “wear the green!”

**Make It: Fun** this spring season with STYROFOAM\* brand foam and crafting tips from Floracraft®. Be sure to visit [www.makeitfuncrafts.com](http://www.makeitfuncrafts.com) for more money-saving, creativity-boosting craft projects – for this season, and every season!

## *A Crafting Community*

We want to know what you're doing with STYROFOAM® brand foam! Join Make It Fun® on Facebook to share ideas, tips and photos with fellow crafters. You'll also find templates and design ideas there, as well as at [www.styrofoamcrafts.com](http://www.styrofoamcrafts.com) and [www.makeitfuncrafts.com](http://www.makeitfuncrafts.com).

## *On the Cover*

Glue a feather boa, wiggle eyes and an orange craft foam beak to an egg of STYROFOAM\* to create this precious chick. Secure body to painted dowel legs. For support insert into half balls of STYROFOAM\* and add craft foam and feathers to create fluffy feet.
