# Summer

Free

## *Summer on the Shore*

Ah Summer... the perfect time for a sunny approach to party decorating using STYROFOAM™ Brand Foam from FloraCraft®. Easy to work with, inexpensive and infinitely versatile, STYROFOAM\* is a crafter's delight. Add your own creative touches to make these Summer craft ideas truly unique!

Bring the beach inside with one-of-a-kind textural wall art. Wrap three sheets of STYROFOAM\* in fabric and assemble them into a multi-layered sculpture using low-temp glue. Then glue an assortment of netting, starfish and seashells to the sheets.

## *Master Gardener*

Who says you need a green thumb to “grow” beautiful houseplants? Just cover different sized balls of STYROFOAM\* with floral moss and place them inside terra cotta pots.

Have you always dreamed of a white picket fence? Here’s a tabletop version: Cut out fence posts and horizontal slats from a sheet of STYROFOAM\*, then use glue and toothpicks to assemble it around a block of STYROFOAM\*. Insert hydrangea stems and greenery. Stunning!

## Mother's Love

A fun craft project for Mother's Day also makes a charming year-round memo board. Using a fabric apron kit, trace the apron shape onto a sheet of STYROFOAM\*, cut it out and wrap it with the included fabric. Accessorize it with the fabric hem, necktie and real pockets using fabric glue – ideal for holding kitchen essentials.

## Congrats Grad!

A must-have for every graduation party – easily, affordably and beautifully done with a sheet of STYROFOAM\*. Include photos, awards and embellishments for a long-lasting keepsake.

## Funky Chicken

These fine feathered friends will brighten up any summer picnic. Bodies are made with eggs of SYTROFOAM\*, feet are formed by cutting balls of SYTROFOAM\* in half. Feather boas, wiggle eyes and an orange craft foam beak complete the picture. Use wood dowels for legs. Set the scene by placing them in front of FloraCraft's® Straw Bales wrapped with ribbon!

## *World's Greatest Dad!*

Dad will burst with pride over this desktop photo cube. Slowly push a wood dowel through the exact center of three cubes and one disc of STYROFOAM\*, one at a time. Remove the dowel and decorate the cubes – cover all sides with scrapbook paper, then add kid's names, photos, and stars to the sides without holes.

Paint the dowel, slide on a washer then glue the dowel into the disc. Slide all cubes onto the dowel adding a washer in between each one to allow for movement. Add a wing nut to the top to finish.

## *Sweet Stars and Stripes*

Cover a wreath of STYROFOAM\* with red, white and blue silk flowers to create a sensational centerpiece. Add a candle inside a hurricane vase to the center for eye-catching interest.

**Make It: Fun** this Summer with STYROFOAM\* and crafting tips from Floracraft®. Be sure to visit [www.makeituncrafts.com](http://www.makeituncrafts.com) for more money-saving, creativity-boosting craft projects – for this season, and every season!

## *A Crafting Community*

We want to know what you're doing with STYROFOAM®! Join Make It Fun® on Facebook to share ideas, tips and photos with fellow crafters. You'll also find templates and design ideas there, as well as at [www.makeituncrafts.com](http://www.makeituncrafts.com) and [www.styrofoamcrafts.com](http://www.styrofoamcrafts.com).

## *On the Cover*

Set an all-American table for your Fourth of July picnic with these star-spangled table toppers. Glue scrapbook paper to cutout stars of STYROFOAM\* and cover the sides with blue ribbon to finish them off. Wrap cubes of STYROFOAM\* in flag inspired ribbon or scrapbook paper and then adorn with flowers, greenery and bows.
